This year, the Race to a
Million Challenge will be
introduced, aiming to sell
one million bricks to
construct the iconic "iCheck"

- Think Pink Bahrain's
trademark logo.
This initiative symbolises
hope and resilience for those
affected by breast cancer.

Why Bricks?:

These represent community creativity and solidarity, symbolizing the support network built around breast cancer patients and reflecting our commitment to education and prevention.

How can you make an Impact?:

By participating, you directly contribute to Think Pink Bahrain's mission of education, empowerment, and healthcare access for breast cancer prevention and treatment.

Buy a Brick:

Every purchase brings us nearer to our goal of a million pieces and directly supports our cause. Spread the Word: Help us expand our reach by sharing our mission with your network.
